Notice of transfer of business regarding ITE GmbH spare parts

Dear Customers,

Since the company closure of ITE GmbH in 2016 we have been your supplier of ITE spare parts. As these parts are not really part of our main business, we have decided to remove these products from our range at the end of 2022.

As from the 1st of January 2023 the spare parts for ITE separation plants can be ordered at the following company:

Tunnel 24 GmbH

Brüner Landstr. 27

46485 Wesel

<https://www.tunnel24.com/>

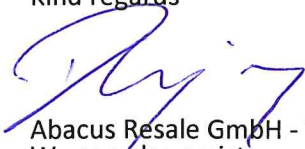

Tunnel 24 GmbH has been a trading platform for all parts and equipment in the tunnelling trade for many years and they are a competent partner for your future ITE spare part requirements.

We would like to thank you for your customer loyalty in regard to the ITE spare parts from our company.

Should you require pumps, electric motors or frequency converters, Abacus Resale GmbH would be pleased to continue our business partnership!

In the event of an emergency; we can deliver within Germany on the same day, and within 24 hours to the neighbouring countries.

Kind regards

Abacus Resale GmbH - Your partner for pumps, electric motors and frequency converters!
We can also assist you with your returns, valuations of remaining stocks, purchase and sale of surplus items!
